The Assistant Commissioner reports that though 2 years have elapsed since the assumption of the management the Amildar has not taken any steps to improve the condition of the Darga and its endowed lands, and that it cannot be believed that a temporary Karkoon can as reported find out the income, and should do the work without giving room for further disputes. He is of opinion that nothing short of the introduction of Survey and Settlement will decide the area of the lands, the rights of the Tenants, the income of the Village etc.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 8th December 1906.

READ—

Petition from Syed Mahomed Sha Khadri and Syed Rahman Badsha Khadri, complaining that the Inam village of Kesaramadu in the Tumkur Taluk, granted to the Darga at the place, was alienated by the hissedars and praying for the appointment of a manager to the institution.

Correspondence ending with the following docket No. 467, dated 10th November 1906, from the Deputy Commissioner of the Tumkur District, reporting on the above :—

"Has the honor to state that Kesaramadu in the Tumkur Taluk is a Sarvamanyam village granted for the support of a Darga in that village. The Darga is thus a Muzrai institution. Its affairs and those of the village were being conducted by the managers appointed for the time being by the Government. The last of such managers was one Khader Badshah Khadri who was appointed in July 1893 (*vide* Government Order No. 113—Muz. F. 135-92, dated the 27th July 1893). This individual died in April 1899. Since then, the office has been vacant. Several persons have come forward claiming to be appointed to the office on the score of their bearing some kinship with one or the other of the former managers. These claimants are opposed to each other, belonging as they do, to different factions into which the village is divided. The managers did not render accounts of receipts and disbursements of the village and the institution, to the Taluk Office as they ought to have done in accordance with standing orders and particularly Government Proceedings No 113—Muz. F. 135-92, dated the 27th July 1893. Complaints of misappropriation of Darga funds and mismanagement of the Inam village were being repeatedly brought against every one of them. The Darga and the Masjid attached thereto are reported to be in a most dilapidated condition now. The village tank is also in disrepair. The feeding of the poor and the ceremonies connected with the annual Urus and the Moharam festival are not carried out. The appointment of one manager or of a plurality of managers to represent various factions of the village will not, in the undersigned's opinion, improve matters as past experience has shown.

2. In these circumstances, it is desirable to take the village and the Darga in question under the management of the Government and thus secure a satisfactory administration of the charity in question.

* * * * *

3. The question of alienation of some lands in the Inam village referred to in the petitions under reference will be enquired into."

No. 3109-10—Muz. F. 135-1892, dated Bangalore, 8th December 1906.

ORDER THEREON.—The Deputy Commissioner's recommendation that Government should assume the management of the institution referred to in the above and of its endowments, is sanctioned, as the charity has been mismanaged and there is no competent person who can be appointed manager of the institution.

2. The Deputy Commissioner is requested to make needful arrangements for conducting the daily services, etc., in the institution at a small cost and to deposit the remaining amount of income in the Government Savings Bank with the view of utilizing it towards renovating the Darga and the Masjid attached thereto. A regular scale of the proposed expenditure for the purpose should be submitted to Government for sanction.

3. The Deputy Commissioner's promised report regarding the alienation of some of the lands in the Inam village, is awaited.

Sir,

With reference to para 3 of the Government Order No. 3109-10/F.F.135-1892 dated 8th December 1906, directing the assumption of the management of the Darga at Kesermadu village in the Tumkur Taluk together with its endowment, I have the honor to state that the Amildar, on instituting an enquiry as to the nature and extent of alienations of lands effected in the Inam village, reported in his No.860 dated 31-1-1908 that, in spite of every attempt, nothing definite could be ascertained regarding the alienations, receipts of the village &c for fixing the Taslik Patti as required. Further in his report No.782 dated 4th February 1911 he stated that certain accounts were got prepared as per Sub-Divisional Officer's x No.460 dated 15th February 1908 instructions and requested that a Karkun might be given him to settle the extent of the lands in the enjoyment of holders &c. From the records it would appear that the portion of the village formerly set apart for conducting, out of its revenue, certain services in the Darga, for feeding travelling fakirs has also been alienated in addition to other lands in the long enjoyment of hissedars among whom the village came to be divided about the year 1860. It is also clear that party feelings run very high now and that utter confusion pre-

prevails. Under the above circumstances, the Sub-Divisional Officer in his No.402 dated 28th March 1911, states that nothing useful was done since the resumption or can be done in this direction by the appointment of a Karkun as suggested by the Amildar above and is strongly of opinion that nothing short of the introduction of survey and settlement will decide the area of the lands, the rights of the tenants over them, the income of the village &c without giving any room for further disputes of various kinds.

2. Adverting to the marginally noted communications received from you for the restoration of the Inam village and appointment of Mamlatdars thereto as formerly, the Sub-Divisional Officer states that this course is not desirable in the present mismanaged condition the village. Moreover he is of opinion that the restoration will only give more room for litigation in the Civil Courts. I agree with these opinions and I submit that Government may be pleased to order as a preliminary to other measures the introduction of the survey and settlement into the village.

No.2216/M.F.651-08-2 dated 11th June 1909 and No.2378/651-08 dated 23rd March 1911.
